## **Buzzy Bees**

### **Verse 1**

Here come the bees, buzzing so high,  
Flying through flowers under the sky.  
Wings go flutter, zip and zoom,  
Gathering nectar from every bloom.

### **Chorus**

Buzz, buzz, busy bees,  
Dancing through the flower trees.  
Sip the nectar, sweet and sunny,  
Bringing home that golden honey!

### **Verse 2**

Round the garden, up and down,  
Spreading pollen all around.  
Teamwork's buzzing, all day long,  
Humming together, a busy bee song!

### **Chorus**

Buzz, buzz, busy bees,  
Dancing through the flower trees.  
Sip the nectar, sweet and sunny,  
Bringing home that golden honey!

### **Bridge**

In the hive, they work so fast,  
Making honey that's built to last.  
Drip, drop, golden and bright,  
Tasty magic, pure delight!

### **Chorus x2**

Buzz, buzz, busy bees,  
Dancing through the flower trees.  
Sip the nectar, sweet and sunny,  
Bringing home that golden honey!

### **Outro**

Buzzing softly as they rest,  
After giving their very best.  
Goodnight bees, sweet dreams to you,  
Tomorrow there's more work to do!
