

# **Luna Moon Ray**

## **The Moo Moo Boogie**

### **Verse 1**

**There's a cow on the hill, just dancing away,  
Wiggling her tail in a funny display.  
She's got two big eyes and a belly so round,  
Stomping her hooves to a moo-moo sound!**

### **Chorus**

**Moo moo boogie, shake that udder!  
Wiggle your ears and dance like no other.  
Moo moo boogie, hop side to side,  
Flap your tail and enjoy the ride!**

### **Verse 2**

**She spins in a circle, then jumps up high,  
Twirling her hooves as she touches the sky.  
With a wiggle and a jiggle, she's having some fun,  
Boogie-woogie dancing 'til the day is done!**

### **Chorus**

**Moo moo boogie, shake that udder!  
Wiggle your ears and dance like no other.  
Moo moo boogie, hop side to side,  
Flap your tail and enjoy the ride!**

### **Bridge**

**Now clap your hooves and turn around,  
Tap your feet and stomp the ground.  
Give a little wiggle, give a little moo,  
Everybody's dancing—join in too!**

### **Chorus**

**Moo moo boogie, shake that udder!  
Wiggle your ears and dance like no other.  
Moo moo boogie, hop side to side,  
Flap your tail and enjoy the ride!**

### **Outro**

**So if you see a cow dancing on the farm,  
Join the fun, there's no need for alarm!  
Moo moo boogie, don't be shy,  
Groove with the cow as she boogies on by!**
